Summary

Detail-oriented and process-driven QA professional pursuing an Int.MSc in Computational Statistics. Deep knowledge of **software test techniques, strategy, and QA methodologies**. Proven ability to manually execute documented task instructions, promptly report test deviations, and meet strict daily quality targets for cross-platform devices, retail tools, and cloud applications.

Skills

Testing & QA: QA Methodology, Manual Testing, Software Test Techniques, Defect Reporting

Technical & Tools: Validation Tools, Data Capture, Git, Python, SQL, REST APIs, Jira/Bug Tracking

Competencies: High-volume task execution, understanding application test procedures

Work Experience

App / Web Developer

[CropSky](#) | VIT-TBI Hub | 2024 - Present

- **Maintained strict process adherence** by performing daily manual test executions and ensuring components operated flawlessly.
- **Reported test deviations accurately** by capturing software bugs to meet rigorous SLA requirements.

Open Source Contributor

[Open Source QA/Testing](#) | Completed

- **Uber (PR #1031): Executed test instructions accurately** to identify and report critical functional deviations in software components.
- **Google (PR #567): Gained deep understanding of test procedures** by manually validating features and comparing software behaviors across versions.
- **Adobe (PR #10560): Followed defined validation processes** strictly to execute repetitive manual QA tasks and meet daily productivity targets.

Projects

Smart Local Business Inventory & Quality System

QA & Validation

Manual Testing, Feature Execution, Data Capture

- **Owned manual execution of documented task instructions** to validate frontend and backend capabilities handling 10,000+ daily inputs.
- **Reported deviations and test results promptly** by leveraging data capture tools to execute mid-sized component testing.

Education

Int.MSc Computational Statistics and Data Analytics

VIT University | 2022-2027

Year of Graduation: 2027 : 8.4/10 CGPA | Software Engineering, Testing Strategies, Data Structures

CS50 Programs

Harvard University (Online)

Certifications: [CS50x](#), [CS50P](#), [CS50AI](#), [CS50SQL](#), [CS50R](#)

Achievements

- **Founder – Shoot the Breeze: Met daily targets** by executing meticulous daily manual validation on business software components.
- **Publication – Peer-reviewed research paper** on [Stock Market Analysis and Prediction using ML](#).
- **Rank 3 at VIT Vellore – Goldman Sachs India Hackathon 2026**, outperforming **500+ participants** in analytical validation and problem solving.

Certifications

- [AWS Solutions Architect](#) and [Developer](#)
- [Google Generative AI Leader](#)
- [FreeCodeCamp Legacy Full Stack](#)
- [OCI 2025 Certified Developer Professional](#)
- [Google Cloud Computing Foundations](#)
- [Software Engineer Certification - HackerRank](#)
