Summary

Final-year Int.MSc Computational Statistics and Data Analytics student (graduating 2027) experienced in classical ML (classification/regression), LLM prompt engineering, and statistical analysis. Proven ability to solve business problems using Python, SQL, and robust data pipelines. Eager to drive data-backed decisions at Amazon RBS.

Skills

Data Science & ML: Python, SQL, Scikit-learn, XGBoost, Classical ML (Classification, Regression), Statistical & Correlation Analysis

GenAI & LLMs: Prompt Engineering (Few-shot, CoT), RAG, LangChain, OpenAI APIs, Offline Evaluation, Model Benchmarking, Git, AWS

Tools & Platforms: Google Workspace (Docs, Sheets), Data Pipeline Design, Docker, FastAPI, PostgreSQL

Work Experience

App / Web Developer

[CropSky](#) | VIT-TBI Research & Innovation Hub | 2024 - Present

- Designed data pipelines using Python and SQL to analyze agricultural datasets, executing statistical analysis that informed **3 major product feature decisions**.

Founder

[Shoot the Breeze](#) | 2023 - Present

- Solved business problems for **15+ local businesses** using correlation analysis and data modeling; identified **4 major bottlenecks** and presented actionable insights to stakeholders using Google Workspace.

Projects

Autonomous AI Research Agent

ML & LLM Inference Pipeline

Python, Scikit-learn, LangChain, RAG, OpenAI APIs, PostgreSQL, FastAPI, Docker

- Developed a research platform combining classical ML and LLM inferences; used **Chain-of-Thought (CoT)** and **few-shot** prompting to extract and validate structured data.

Education

Int.MSc Computational Statistics and Data Analytics

VIT University | 2022-2027

Year of Graduation: 2027 : 8.4/10 CGPA | STEM Coursework: Statistical Analysis, Machine Learning, Database Systems, Regression

CS50 Programs

Harvard University (Online)

[CS50x](#), [CS50P](#), [CS50AI](#), [CS50SQL](#), [CS50R](#) – Python, SQL, AI, R, and data modeling.

Publications

- Published a [peer-reviewed research paper](#) on **Stock Market Analysis and Prediction using ML** – applied classical ML regression models, statistical analysis, and predictive modeling. [El Ruha International Conference](#), 2025.

Achievements

- Rank 3 at VIT Vellore (All India Rank 4979)** – Goldman Sachs India Hackathon 2026 | Score: 250.13
- Currently Working** – HackerRank Orchestrate Agent-Building Hackathon , Flipkart Grid 8.0

Certifications

- [Google Generative AI Leader](#)
- [Google Cloud Computing Foundations](#)
- [FreeCodeCamp Legacy Full Stack](#)
- [OCI 2025 Certified Developer Professional](#)
- [AWS Solutions Architect](#) and [Developer](#)
- [Software Engineer Certification - HackerRank](#)
