

Sujith S

Analyst Risk Management | Data Science & Analytics | Credit & Fraud Risk
+91 9843579926 | sujithssd14@gmail.com | github.com/su-jin1425 | linkedin.com/in/sujith14 | sujith1425.vercel.app

Summary

Innovative and highly analytical **Risk Management Analyst** with a strong foundation in Computational Statistics. Adept at analyzing large amounts of data to derive business insights, develop economic logic, and drive profitable credit actions. Proficient in leveraging Big Data, machine learning solutions, and advanced analytics to combat fraud and maintain industry-lowest credit loss rates at American Express.

Skills

Data Science & Analytics: Machine Learning, Economic Logic, Predictive Modeling, Big Data Solutions
Programming & Tools: Python, SQL, PostgreSQL, Apache Kafka, Google Cloud (GCP), Data Visualization
Methodologies: Complex Problem Solving, Cross-Functional Collaboration, Business Insights Structuring

Work Experience

App / Web Developer

[CropSky](#) | VIT-TBI Hub | 2024 - Present

- Analyzed large amounts of data to derive business insights, acting as a core data science team member to accelerate spatial data collection by **40%**.
- Innovated with a focus on developing newer, better approaches, rigorously testing machine learning model outputs before 3 major product launches.

Founder

[Shoot the Breeze](#) | 2023 - Present

- Drove project deliverables to achieve business results, automating analytics processes that improved operational efficiency by **15%** for cross-functional partners.

Projects

Real-Time Stock Market Data Pipeline

Big Data Technologies & Analytics

Python, SQL, PostgreSQL, Apache Kafka, Big Data Technologies, Data Analytics

- Engineered robust analytical solutions using big data technologies to ingest and process high-throughput financial data.
- Developed predictive models to bring scale to financial market analytics, clearly structuring business findings for complex initiatives.

Demand Forecasting System

Machine Learning & Economic Logic

Python, Statsmodels, Scikit-learn, XGBoost, Pandas, Data Visualization

- Innovated with a focus on machine learning, developing a forecasting system to predict business growth and derive actionable economic logic.

Education

Int.MSc Computational Statistics and Data Analytics

VIT University | 2022-2027

Year of Graduation: **2027 : 8.4/10 CGPA** | Coursework: Economics, Statistics, Machine Learning

CS50 Programs

Harvard University (Online)

[CS50x](#), [CS50P](#), [CS50AI](#), [CS50SQL](#), [CS50R](#)

Achievements

- Open Source Contributions** – Resolved **13+ issues** and submitted **17+ PRs** to major repositories like [Uber CausalML](#) (Statistical Modeling), [scikit-learn-contrib](#), and [Grafana](#).
- Rank 3 at VIT Vellore (All India Rank 4979)** – [Goldman Sachs India Hackathon 2026](#) | Score: 250.13

Certifications

- [Google Cloud Computing Foundations](#)
- [AWS Solutions Architect](#) and [Developer](#)
- [FreeCodeCamp Legacy Full Stack](#)
- [OCI 2025 Certified Developer Professional](#)
- [Google Generative AI Leader](#)
- [Software Engineer Certification - HackerRank](#)
