Summary

Analytical Data Associate skilled in **AI data processing** and **linguistic auditing**. Proven ability to execute precise **data annotations** and deliver high-quality datasets to train complex machine learning models.

Skills

AI Data Processing: Data Annotation, Image/Video Labeling, Quality Audits, Dataset Curation, NLP

Language & Analysis: Linguistic Analysis, Content Writing, Syntax & Grammar Review, Error Rectification

Tools & Software: Microsoft Office (Word, Excel), Python, Data Capture Tools, Workflow Automation

Work Experience

App / Web Developer

[CropSky](#) | VIT-TBI Hub | 2024 - Present

- Delivered highly accurate data pipelines for **3 product launches** by rigorously **auditing datasets** and rectifying linguistic inconsistencies.
- Streamlined data collection workflows by performing **quality verifications** and providing **timely feedback** to the team.

Founder

[Shoot the Breeze](#) | 2023 - Present

- Ensured **zero risk to customer data** for **15+ businesses** by strictly adhering to **compliance requirements** during repetitive data tasks.
- Exceeded **daily productivity targets** by rapidly evaluating analytical data and prioritizing tasks within automation systems.

Projects

[Autonomous Research Agent](#)

Computational NLP Application

Linguistic Evaluation, NLP, Data Synthesis, Rectification Audits

- Enhanced NLP performance by **evaluating generated text** to ensure adherence to **proper grammar, syntax, and language usage**.
- Streamlined AI data collection by synthesizing complex information and systematically **labeling extracted knowledge**.

Education

Int.MSc Computational Statistics and Data Analytics

VIT University | 2022-2027

Year of Graduation: 2027 : 8.4/10 CGPA | Coursework: Statistical Analysis, Data Interpretation, Computational Logic
